

TDM Technical Committee and Executive Board Retreat Planning

Maya Agarwal
September 6, 2023

We've heard some interest from this committee and from the TDM Executive Board regarding an in-person retreat. This committee hasn't had an in-person retreat since 2019.

Retreat planning

- Exploration of in-person retreat
- Technical Committee group discussion and feedback

We've been discussing the idea of an in-person retreat

Logistics

Timeframe: fall 2024.

Possibly a combined retreat with both TDM Executive Board and TDM Technical Committee.

Location to be determined.

What are your thoughts?

Questions

- Would you be interested in meeting in person?
- Do you think a joint retreat with Executive Board would be a valuable exercise?
- How long is appropriate – full day, half day, overnight?

What would you like to achieve at a retreat?

- Goals and vision: some suggestions we've already heard
- Your ideas?

I'd like to ask you now to do some visioning about your goals for a retreat. Some suggestions we've already heard:

- Review of TDM Technical Committee accomplishments.
- Strategize for long-term strength of CTR program in State of Washington.
- Others?

What topics would you like to cover?

- Some suggestions we've already heard
- Your ideas?

Topic suggestions (some that we've heard already from this committee):

- This committee used to meet in person. Then with the pandemic we went fully remote. As we're now coming out of the pandemic, do we want to meet in person more regularly throughout the year? Perhaps combining with conference schedules or other preexisting trainings?

- How to build relationships among committee members despite this virtual environment?
- Others?
