# Plan

# Milestone Minute Activity

**You will have 20 minutes in your breakout groups, and you will be provided with text from pages 7 and 8 in the CTR 4-Year Plan Guidance to support your discussion in answering these two questions:**

1. What other local or regional plans might be useful for CTR planning? Is there particular content from the plans that would be useful?
2. What additional research or analysis might be useful for CTR planning? In what ways would the results of the research or analysis spur useful conversations about CTR in your community?
