Regional Mobility Grants
2025-2027 and 2027-2029

Updates
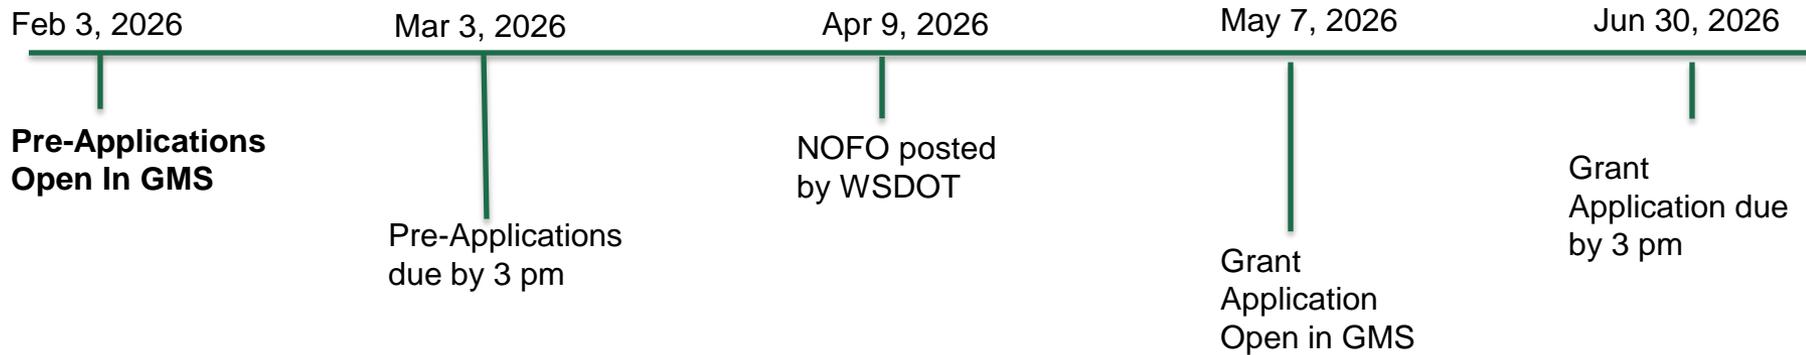

Patrick Green, TDM- CTR Transportation Specialist

Program overview

- The Regional Mobility Grant Program supports local efforts to improve connectivity between counties and regional population centers and reduce transportation delay.

- State only funded grant (RCW 47.66.030).

- Funded projects are those proposed to deliver public benefits as quickly as possible.

- Public benefit is determined based on two metrics Vehicle Miles Traveled (VMT) and Vehicle Trips (VT)

What's New for 2025- 2027 biennium

- TDM Team will now provide Grant Management for TDM-related projects

- Combination grants will have improved oversight due to increased coordination

What's New

Current project areas:

- Enhance CTR (e.g., incentives, transit passes).
- Encourage a mode shift (e.g., transit, walking, and biking).
- Outreach to employers to increase the use of teleworking.
- First- and last-mile connections programs (e.g., public transit rideshare expansion).

Growth project areas

- **Mitigate construction** through added transit, rideshare service, or other solutions (e.g., community festivals, major sporting events).

- **Licensing technology** or software for the coordination of various trip reduction options to mitigate congestion (e.g., route optimization, managing commutes).

Ex. 1 Construction Mitigation

- Changes to signal and lane configurations

- Multiple areas of traffic control

- Sidewalk disruptions

- limited traffic control on the traveled way

Ex. 2 Major Event Mitigation

- **Reduced traffic congestion**

- **Collaborating with the local transit agency**

- **Reduction of VT, SOV, and VMT**

- **Safer Commute around the event**

Ex. 3 Technology & Software Licensing

- **Trip or Route Planning**

- **Vanpool sign up**

- **Rideshare coordination**
